Roading contractors ordered to pay \$1.6m after death of young ...

27 May 2022 - Charges have been dropped against two big contractors over unsafe roadworks

Topic: As construction logistics ramp up – are we doing all they can to keep vulnerable road users safe?

Speaker: Kim Hassall CILT International Vice-President

Kim Hassall will present on CLOCs (Construction Logistics Community Safety) which is a UK national standard for ensuring the safest construction vehicle journeys, reducing risk to vulnerable road users, improving air quality and congestion and driving operational efficiencies. CILT Australia has also adopted CLOCs – you can read more here www.clocs-a.org.au

Please **RSVP by 10am Monday Wednesday 3 March** to Michelle McCormick CMILT - please advise of any special dietary needs.

Email: chaircentral@cilt.co.nz or mobile 021 526 473

The presentation will also be streamed. If you want to join this, please also RSVP chaircentral@cilt.co.nz and we will send the detailed to join the webinar.
